Washington, D.C., USA

Sunday 30 September – Tuesday 2 October

The Walter E. Washington Convention Center

Hotel Information

Renaissance Washington, DC Downtown

999 Ninth Street NW

Washington, D.C. 20001 USA

Every country that operates a SIFE national organization is eligible to send a national champion team to the SIFE World Cup, where they will present the results of their community outreach projects to panels of business leaders serving as judges. Through a written annual report and live audiovisual presentation, teams will be evaluated based on how successful they were at using business concepts to improve the quality of life and standard of living for those in need.

Competing teams are divided among eight opening round leagues, each with approximately five teams. From the opening round of competitions, two teams from each league advance to the semi-final round with four teams winning a spot in the final round of competition. Eventually one team will be declared the best among the more than 1,600 active SIFE teams and earn the title of SIFE World Cup Champion.

The SIFE World Cup is a showcase of the impact that SIFE teams are achieving around the world and brings together an international network of student, academic and business leaders. In addition to the competition, events such as the culture fair provide an exhibit of the rich diversity of cultures represented within SIFE. Multiple receptions, lunches and dinners, along with special events such as the Top to Top Forum and Top to Future-Top Forums further enhance the opportunities for participants to connect, collaborate and learn from one another.
